1. The following is an examiner's statement of reasons for allowance: the JP 2001-100709 (publication date 4/13/2001) discloses dividing one field into multiple sub-fields, with individual sub-fields having brightness in the ration of 128:64:32:16:8:4:2:1, which reads on the invention of claim 1. However, Applicant claims priority to Japanese Application No. 2000-208928 filed July 7, 2000. A verified English translation of the Japanese priority document (submitted on 8/5/04) to perfect the claim to priority and remove the JP 2001-100709 as a prior art reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
